DUDHNOI (DAMRA ROAD)  
GOALPARA, ASSAM

PROSPECTUS

# THE PRINCIPAL'S FIRST WORDS...

**Nurbakhta Sheikh**  
Principal

(Retd. Prof. of Dudhnoi College)

Dear students,

It gives me immense pleasure to invite you to Vidyasagar Academy for the session 2023-24. It is an honour for me to be able to serve the society through this institution which endeavours to provide affordable quality education. We are committed to work towards it at the best of our capacity and resources available. I am convinced that the teachers of the Academy are well experienced and dedicated to help you achieve your academic excellence. They are friendly and caring.

The institution came into existence in the year 2015 and since then the management committee is trying at its best to develop the institution in a way to cater to the needs of the students. In this regard, I must acknowledge the role of the teachers, parents, well-wishers, and intellectuals of the area for their constant support and valuable suggestions. At this point, I on behalf of the Academy would like to take the opportunity to express my sincere gratitude to you all for your suggestions and co-operation.

Now we are in a far better position to provide education at the desired level. Apart from academics, we also guide our students in various life skills, soft skills so that they can face the competitive global world of today. So, we are expecting you to join us to help you in fulfilling your hopes and aspirations.

## ABOUT THE COLLEGE

The Vidyasagar Academy is a junior college of Science and Arts, located in Dudhnoi, Goalpara (RHAC, Assam). It came into existence on 14 March 2015, with an aim at creating a hub of quality education for the students of the area. In the recent years, the need for promising institution was immensely felt by the local people of Dudhnoi. In absence of such an institution in the vicinity, students had to travel very far in order to receive a quality education. This led to the idea of opening a junior college in Dudhnoi. To our belief, the institution has been able to create a space to accommodate a chunk of bright students into it and is helping them to get education at a desired level.

Geographically, Dudhnoi is a semi-urban area, the head quarter of Rabha Hasong Autonomous Council (RHAC). It is a place replete with potential students. Putting them in the right place is the challenge. Hence, one of our prime responsibilities would be to create a sound competitive environment in which they can excel.

The Academy offers Higher Secondary courses for both Science and Arts stream through experienced and efficient teachers. The medium of instruction is both English and Assamese. There is a well-equipped lab for science students. Further, hostel facility is available for both boys and girls.

### MISSION

The Academy aims at creating a sustainable and competitive academy environment to help students grow and reach the zenith of excellence based on their potentialities.

### VISION

The Academy envisions itself as a center of knowledge and excellence.
